Born Old

Born Old will open AFHA's 2015 Darden Mill concert series in conjunction with a new exhibit which will open later in the spring, Paul Gartner (banjo, guitar & vocals) and Doug Van Gundy (fiddle, guitar, mandolin & vocals) play traditional old-time music from West Virginia, as well as early country classics from the great artists of the 78 rpm era, including The Carter Family, Charlie Poole, Uncle Dave Macon, and others. Gartner and Van Gundy have been making music together for 15 years, giving performances that are traditional and informative without sacrificing a very high energy, raucous, fun factor.
