

# Help the Pollinator Find the Flower Craft

## Materials:

Colored Paper  
String  
Toilet Paper Tube  
Paperclip  
Green Marker or crayon  
Tape  
Stapler

## Directions:

1. Staple one end of the toilet paper tube closed
2. Tape one end of your string to the open end of the tube
3. Decorate this to look like a flower however you please
4. Make a small pollinator (remember it needs to fit in the TP tube)
5. Tie the other end of the string to the paper clip and tape your pollinator to the paperclip
6. Try out your project by swinging your pollinator and trying to catch it in your flower
